Overall, the paper exhibits clear writing and focus, with a knowledge of the key writers/works of qualitative inquiry. [Minor things of note:]

- "Tracy herself recently became dean of her college..." is incorrect. She is Director of her School.
- "Table 2 details Tracy's criteria." There is no Table 2 in the article and it needs to be inserted.
- I did not check the citations and References for accuracy and inclusion, but update Saldaña's *Coding Manual* to its 4th edition, 2021.
- In References, "Sage Publications" has recently changed to "Sage Publishing."
